Unfinished Business

Startup Stands/Tables: Mike Haston: Project finished. Thanks to Jim Irey and Tom Aschwanden. Final cost about \$180 per stand, \$250 per table.

Mowing: Mike Haston: Don Schwartz came in with large tractor. Mowed south perimeter and four swipes in front of runway.

RC Country Swap Meet: Mike Haston: Waiting for final report from Dean and Traci. Sold twenty dozen donuts. Some hot dogs left over. Will be used at heli event, and any still left can be used at float fly.

WDA Float Fly: Mike Haston: Pretty nice. Good turnout. A few crashes.

New Business

FAA/AMA Special Rule: Mike Haston: Legislation to re-authorize the FAA passed the house with the special rule for model aviation still intact. Has to go to Senate.

FAA Registration: Mike Haston: Anyone flying under the special rule for model aviation has to register with FAA. FAA has updated its website. When you register, (<https://faadronezone.faa.gov/#/home>) select "Fly Model Aircraft under Section 336", not "Fly sUAS under part 107. "

Trash Left At Field: Tom Aschwanden talked about problem of trash on field, and even in the toilet. All members are requested to pick up trash even if it is not yours, and remember nothing unnecessary in the toilet. Jim Irey has posted an appropriate message in the port-a-potty.

Gas Money for Mowers: Tom Aschwanden suggested getting a club credit card to use for buying gas for mowers. After discussion it was concluded to give the Field Marshal a cash advance for expenses which he would account for periodically. This can be done similarly to the way advances for event expenses are handled.

### Upcoming Events:
