AMOS Event News

Central Valley HeliFest- July 7-9

This years R/C Helicopter event like many other of the events this year had a big budget for advertising and Field preparation.

The Event had 31 Pilots and 150 Spectators. Although the spectators seemed to come and go pretty quickly because of the hot weather.

Most of the 31 Pilots stayed through the three days of the event and did some incredible flying. Some expert Pilots were on hand that amazed most of the seasoned pilots that were there.

The event generated \$6,400 for Gi Gi's Playhouse a Charity that helps Autistic patients.

Scale Flying or FC3 was not represented well at this event and should be added to the flyer to attract R/C Scale Heli Pilots. Only seeing Helicopters bobbing around like mosquitoes is great but adding some scale Bell jet Ranger's or Tomahawk's would spice things up and is very popular with spectators. All of the large events have both 3D and Scale flying on opposing fields.

It was good to fly in the yearly Helicopter event for a change.

The Raffle was successful and most likely made a large share of the money going to the Charity. The more expensive tickets had the winner taking a Complete High end Nitro Goblin R/C Helicopter.

There was also Helicopter Night Flying and some 3D Airplane stuff.

3D Throwdown – July 14th - 16th

This years 3D R/C Airplane event was hosted by Northwest RC owner "Supa" Tim Hanstine who was doing some fancy flying with Extreme Flight Planes which he is a distributor of in the Seattle area.

Top Giant Scale 3D pilots were also brought in from around the US to show there award winning skills.

Another big event with 32 Pilots and over 200 spectators.

The event generated \$6,100 for the Placer Breast Cancer Foundation so they could put on a BC seminar.

Tim brought some Giant scale 3D ARF planes that were auctioned off in the Raffle. This brought in quite a lot of donations for the Charity.

Everyone attending had a good time!!

Jokes;

Blonde addition;

**Why couldn't the blonde add 10 + 5 on a calculator?
She couldn't find the "10" button.**

Jesus;

Late one night a burglar broke into a house and while he was sneaking around he heard a voice say, "Jesús is watching you." He looked around and saw nothing. He kept on creeping and again heard, "Jesús is watching you." In a dark corner, he saw a cage with a parrot inside. The burglar asked the parrot, "Was it you who said Jesús is watching me" The parrot replied, "Yes." Relieved, the burglar asked, "What is your name?" The parrot said, "Clarence." The burglar said, "That's a stupid name for a parrot. What idiot named you Clarence?" The parrot answered, "The same idiot that named the rottweiler Jesús."

Christmas;

How is Christmas like your job?

You do all the work and the fat guy in the suit gets all the credit.

Mom Text;

A mom texts, "Hi! Son, what does IDK, LY, & TTYL mean?" He texts back, "I Don't Know, Love You, & Talk To You Later." The mom texts him, "It's ok, don't worry about it. I'll ask your sister, love you too."

The Monkey;

A boy with a monkey on his shoulder was walking down the road when he passed a policeman who said, "Now, now young lad, I think you had better take that monkey the zoo." The next day, the boy was walking down the road with the monkey on his shoulder again, when he passed the same policeman.

The policeman said, "Hey there, I thought I told you to take that money to the zoo!" The boy answered, "I did! Today I'm taking him to the cinema."
